One Direction

```
D                   G       A
 I think I'm gonna lose my mind
D                  G          A
Something deep inside me, I can't give up
D                   G       A
I think I'm gonna lose my mind
  Bm          A             G
I roll and I roll till I'm out of luck
       Bm          A             G
Yeah I roll and I roll till I'm out of luck

  I'm feeling something deep inside
Hotter than a jet stream burning up
I got a feeling deep inside
It's taking, it's taking, all I've got
Yeah It's taking, it's taking, all I've got

A              Bm                 G   D  A
  Cause nobody knows you baby the way I do
A            Bm                 G   D  A
  And nobody loves you baby the way I do
             A
It's been so long
             Bm
It's been so long
             G D  A
Maybe we're fireproof
A             Bm                G   D   A
 Cause nobody saves me baby the way you do

  I think I'm gonna win this hand
I'm riding on the wind and I won't give up
I think I'm gonna win this time
I roll and I roll till I change my luck
Yeah I roll and I roll till I change my luck
```
