Em    C    G    Bm

Em                      C
Silent I can´t wait here silent
             G              Bm
Working up a storm inside my head
Em                      C
Nothing I just stood for nothing
             G              Bm
So I fell for every thing you said
Em      C
Hear the rumble
G      Bm
Hear my voice
Em                      C
Silent I can?t wait here silent
             G
Gotta make a change
              D
And make some noise

Em     C
Undo my sad
  G      Bm
Undo what hurts so bad
Em     C
Undo my pain
      G                   Bm
Gonna get out, through the rain
Em              C
I know that I am over you
   G               Am
At last I know what I should do
Em    C      G     Bm
Undo my sad

Trouble baby I?m in trouble
Every time I look into your eyes
Save me
Oh I?m gonna save me
Faraway from all the crazy lies
Hear the rumble
Hear my voice

Undo my sad…

Undo my sad…
