

97 ways

The fooo conspiracy

I'm always wondering why
Everybody goes so fast
I love us like goodbye
It doesn't seem to last
So can't we take our time
Stretch it out anticipate
The day we cross the line
Oh, it will be so worth the wait

I swear it (I, I)
I swear it (I, I)
I swear it (I, I)
I swear I'll prove it
I swear it (I, I)
I swear it (I, I)
I swear I'll prove it 97 ways

In the way I kiss your lips
In the way I kiss your face
My hands upon your hips
As we slowly dance in place
In the way I stroke your skin
'Til ya feel like it's ablaze
Soon as we give in
I'm gonna prove it 97 ways

We owe ourselves the best
And although I'm sure you're it
It's sort of like a test
To chill a little bit
I'll think of what's to come
Holding back, I hesitate
And when it's finally done
Oh, it will be so worth the wait

I swear it (I, I)
I swear it (I, I)
I swear it (I, I)
I swear I'll prove it
I swear it (I, I)
I swear it (I, I)
I swear I'll prove it 97 ways

In the way I kiss your lips...

As hard as this is gonna be
For you, it's gonna be for me
But, understand, come on and try,
Please
With you I'm not just hooking up
It's something more, it's really love
So let me prove to you, to me you're special

Hey, in the way I kiss your lips...
