

Busy doin' nothing

Ace Wilder

Dm Am

I am not made for working over time, and you know
Don't even like the nine to five
I wish all those lazy days were every day
And you know wouldn't want it any other way
Although some might say I throw life away
I just aint got time to say
I might be insane and I might complain
don't believe no pain no gain

I'm busy, busy, busy doing nothing at all
I'm stressing over nothing, don't bother to call
I'm busy, busy, busy, doing nothing at all
Don't bother to call, I'm doing nothing at all

Don't wanna work, work, work, don't wanna make money while I sleep
Don't wanna work, work, work, I want to make money while I dream
Don't wanna work, work, work, I wanna make money while I sleep
Don't wanna work, work, work, I want to make money while I dream

I am almost always there in five
and it's always the night before deadlines
you know, don't bother calling me from noon
even when you see light it's too soon (I think)

Although some might say I throw life away
I just aint got time to say
I might be insane and I my complain
dnt believe no pain no gain

I'm busy, busy, busy doing nothing at all...

Don't wanna work...

You may not approve of my life style
and while you'll working I'll be living life
So you can call me lazy if you like
Don't care this is the story of my life

I'm busy, busy, busy doing nothing at all...

Don't wanna work...
