

Hold me now

Johnny Logan

G Don't... don't close your heart to how you feel
G Dream, and don't be afraid the dream's not real
C Close your eyes, pretend it's just the two of us again
D Make believe this moment's here to stay

Touch... touch me the way you used to do
I know tonight could be all I'll have with you
From now on, you'll be with someone else instead of me
So tonight, let's fill this memory
For the last time -

G **Em** Hold me now
C Don't cry, don't say a word
G **Em** Just hold me now
C **D** And I will know -
Am **C** **Bm** Though we're apart, we'll always be together
Em **F** Forever in love
C **D** **G** What do you say when words are not enough?

Time... time will be kind once we're apart
And your tears... tears will have no place in your heart
I wish I... I could say how much I'll miss you when you're gone
How my love for you will go on and on and

G **Em** Hold me now...
Em **D** I hope at last you've found
C **D** What you've been searchin' for
Em **D** **Am** And though I won't be there anymore
D **G** I will always love you

Hold me now...

C **D** **C** **G**
What can I say Now my words are not enough
