

Hold me now

Johnny Logan

G Don't... don't close your heart to how you feel
G Dream, and don't be afraid the dream's not real
Close your **C** eyes, pretend it's just the two of us again
Make believe this moment's here to stay

Touch... touch me the way you used to do
I know tonight could be all I'll have with you
From now on, you'll be with someone else instead of me
So tonight, let's fill this memory
For the last time -

G Hold me now
Don't cry, don't say a word
Just hold me now
And I will know -
Though we're **Am** apart, we'll always be together
Em Forever in love
C What do you say when words are not enough?

Time... time will be kind once we're apart
And your tears... tears will have no place in your heart
I wish I... I could say how much I'll miss you when you're gone
How my love for you will go on and on
and

G Hold me now...
Em I hope at last you've found
What you've been searchin' for
And though I won't be there anymore
I will always love you

Hold me now...
C What can I say Now my words are not enough
