

Not too young

Sabina Ddumba

Em G
They ask me all these questions,

Bm
Giving me these lectures,

A Em
It's getting old

G Bm
So many suggestions on my directions

A
Where I should go

Em
They say, hey little girl

G
In this world you will learn when you're older

Bm
Don't rush how it feels

A
'Cause you'll know when it's real in time

Em
I don't mean to be rude,

G
But I know that we don't live forever,

Bm
So I'm gonna go with my heart

A
'Cause the heart don't lie

Em G
They say I'm young, but I'm not too young

Bm
To know what LOVE is,

A
To know what LOVE is, oh oh

Em G
They say I'm young, but I'm not too young

Bm
To know what LOVE is,

A
To know what LOVE is, oh oh

They tell I don't listen, got all the answers
Miss knowing all
Please quit with your predictions on my decisions
I make my own

They say, hey little girl...

They say I'm young...

Not too young, not too young
No, no, I'm not too young
Not too young, not too young
To know what LOVE is
Not too young, not too young
No, no, I'm not too young
Not too young, not too young
To know what LOVE is

They say I'm young...

They say I'm young...

Not too young, not too young...
