Thinking out loud  
Ed Sheeran

C          Am7                   F    G
When your legs don't work
C          Am7                   F    G
Like they used to before
C          Am7                   F    G
And I can't sweep you off of your feet
C          Am7                   F    G
Will your mouth still remember
C          Am7                   F    G
The taste of my love
C          Am7                   F    G
Will your eyes still smile
From your cheeks
C          Am7                   F    G
And darling I will be loving you 'til we're seventy
C          Am7                   F    G
And baby my heart could still fall as hard at twenty-three
And I'm thinking 'bout how

Dm                       G        C
People fall in love in mysterious ways
Dm                       G        C
Maybe just the touch of a hand
Dm                       G        C
Well me I fall in love with you every single day
Dm                     GGGGG -stop
And I just wanna tell you I am

C    Am7  F
So honey now
G                C    Am7  F
Take me into your loving arms
G                C    Am7  F
Kiss me under the light of a thousand stars
G                C    Am7
Place your head on my beating heart
G
I'm thinking out loud
\[Am* G* F* C* F* G* C\]
And maybe we found love right where we are

When my hairs all but gone and my memory fades
And the crowds don't remember my name
When my hands don't play the strings the same way, mmm
I know you will still love me the same

Cause honey your soul could never grow old it's evergreen
And baby your smile's forever in my mind and memory
I'm thinking 'bout how

People fall in love in mysterious ways
And maybe it's all part of a plan
Well I'll just keep on making the same mistakes
Hoping that you'll understand

That baby now...

So baby now...
\[Am* G* F* C* F* G* C\]
And baby we found love right where we are
\[Am* G* F* C* F* G* C\]
And we found love right where we are
