

This town

Niall Horan

G
 Waking up to kiss you and nobody's there
 Em
 The smell of your perfume still stuck in the air
 C
 It's hard
 G
 Yesterday I thought I saw your shadow running round
 Em
 It's funny how things never change in this old town
 C D
 So far from the stars

Am D
 And I want to tell you everything
 G D Em
 The words I never got to say the first time around
 Am D
 And I remember everything
 G D Em
 From when we were the children playing in this fairground
 C
 Wish I was there with you now

Em
 If the whole world was watching I'd still dance with you
 C
 Drive highways and byways to be there with you
 G
 Over and over the only truth
 Em D G C
 Everything comes back to you
 Em D G
 Mmm-mm-mm

I saw that you moved on with someone new
 In the pub that we met he's got his arms around you
 It's so hard
 So hard

And I want to tell you everything...

If the whole world was watching I'd still dance with you...

Em D
 And I know that it's wrong
 G
 That I can't move on
 C
 But there's something about you

If the whole world was watching I'd still dance with you...
