

You've got a friend

Carole King

When you're down and troubled and you need some loving care
And nothing oh nothing is going right
Close your eyes and think of me and soon I will be there
To brighten up even your darkest night

You just call out my name and you know wherever I am
I'll come running to see you again
Winter spring summer or fall all you have to do is call
And I'll be there yeah
You've got a friend

If the sky above you should turn dark and full of clouds
And that old north wind should begin to blow
Keep your head together and call my name out loud
Soon I'll be knocking upon your door

You just call out my name...

Now ain't it good to know that you've got a friend
When people can be so cold they'll hurt you and desert you
And take your soul if you let them
Oh but don't you let them

You just call out my name...
